Beneficiary designation: donations of life insurance, IRA, donor-advised funds (DAF) or other pension/retirement plans

A will typically does not dispose of assets such as life insurance and pension plans, which usually pass by “beneficiary designation.” A beneficiary designation is a contract between you and your insurance company or pension plan administrator to transfer the asset at your death to the person(s) or institution(s) you have designated (usually in the initial paperwork you completed to establish the asset). To designate Nomi Network as the beneficiary of such an asset, you should contact your insurance company or plan administrator and request a “change of beneficiary” form, which you can complete and return to them.

Note: Use Tax ID 80-0290896 in lieu of social security number for an organization.

Payable on death (POD) and transfer on death (TOD) designations

By setting up a POD or TOD designation on your bank accounts, certificates of deposit or brokerage accounts, you can transfer these assets at your death to the person(s) or charity(-ies) that you name. To set up a POD or TOD designation, contact your bank or investment advisor to fill out their beneficiary designation forms. If you designate Nomi Network as the beneficiary of any of your plans or accounts, please use our legal name and Federal Tax ID 80-0290896 in lieu of social security number for an organization.

Cryptocurrency in estate plans

There are several ways to include a gift of cryptocurrency in your will, which should be discussed with your professional advisor when making or revising your will to ensure correct access information is included.
